Portsmouth Blade: "A. L. Perraut and wife of Maysville are visiting Mrs. Lulu Jones of West Second street. Mr. and Mrs. Perraut until recently resided in Chicago, but were compelled to give up big city life on account of Mrs. Perraut's health. They are much impressed with Portsmouth and will make this their future home if Mr. Perraut, who is a salesman, can find suitable employment. He has been in a score or more cities the past two months and says that hard times have affected Portsmouth the least of any of them. On the other hand, Springfield is the hardest hit."

PLUCK AND PRINTERS' INK

And What They Accomplished For the Proprietor of a Maysville Enterprise

A PUBLIC LEDGER reporter was rambling in East Maysville yesterday afternoon and, among other places, he visited the plant of the Maysville Coal Company.

The proprietor, Mr. Godfrey Hunsicker, in 1888 was working for 25 cents a day with the Collins & Rudy Lumber Co. Now Mr. Hunsicker is sole proprietor of the Maysville Coal Company, one of Maysville's chief commercial enterprises. His plant in East Second street is one of the largest above Cincinnati.

His average sales of coal every year are 350,000 bushels, and 100,000 bushels, salt, 1,000 barrels, besides an immense amount of cement, brick, lumber, etc.

He has his own coal landings and coal elevators and employs 14 men getting out sand from Brooks' Bar. He does his own towing with his own gasoline boat.

All told, he gives employment to 31 hands and has 10 head of horses to do his hauling, owns over 4 acres of land for his plant and his total business foots up close to \$100,000 annually. He is a hustler and believes in advertising.

Down in Shelby county the onion growers have formed an organization. The growing of onions in that section has become an important industry and the Society was formed for the purpose of interchange of ideas and of obtaining a better and uniform price for the product.

Captain William Lawson Hathaway Owens of Louisville, one of the original Maysville men, now visiting his old home, died at the New Central the other day with an ex-Major and an ex-Captain in the U. S. A., a prominent member of the Mason County Bar and an ex-County Judge—Major Morris C. Hutchins, all in one.

With the withdrawal of the soldiers from West of the Tennessee river in Kentucky, night riders have been stirred by orators to demonstrations for the purpose of intimidating witnesses for the Commonwealth, and more than 200 shots were fired around the homes of Frank Mardis and Willie Dyer in the Eastern part of Calloway county Sunday night.

W. C. McMillan has opened a new blacksmith shop on Second street, North of Postoffice. Blacksmithing, carriage work, rubber-tiring specialties. Your patronage kindly invited.

Edward Croan, twice a member of the Kentucky Legislature as the Representative from Bullitt and Spencer counties, and one of the foremost business men of Bullitt county, died Saturday last at his home two miles from Shepherdsville. In 1906, he was the author of the famous Dog Law, over which there has been so much controversy for the past two years and which was recently decided constitutional by a divided Court of Appeals, the vote being 4 to 3.

Albert I. Mason, a Washington orchardist, claims to have produced a seedless and coreless pear. The coreless apple is no longer a wonder and the seedless orange has been thoroughly established. Mr. Mason has a tree six years old that bore 300 pounds of fruit last season. The pears are of the size of the Bartlett, of deep yellow and delicate flavor. The flesh is finely grained, solid and altogether we here have a novelty that cannot fail to commend itself to the fruit growers and fruit consumers.

We're shortening sail in this stock---rearranging, combining, condensing. Many attractive lots have been depleted by the season's vigorous selling. Sizes begin to turn up missing in certain styles, and so on.

In each group all sizes will be found, though not every style. Some garments are mussed from handling---a negligible defect.

1852 HUNT'S 1908

IT IS KEHOE AGAINST THE FIELD

Another Entry In the Democratic Congressional Race Expected

A dispatch from Carlisle says the fight for the Democratic nomination for Congress in this District grows more interesting as the time for holding the Convention approaches. From the present outlook it appears that the fight is Kehoe against the field, with chances in favor of the former Congressman. Though the developments of the past week show that the men from the mountain section mean to carry the fight into the Barley counties, where Mr. Kehoe has much strength, and should he lose one or two of the counties it means that he will hardly be able to win the nomination.

Kitchen of Carter county will make a fight in Fleming and Bath counties, and it will be remembered that at the last Convention held in Fleming, the anti-Equity people won by a slight majority. Bath is a strong Kehoe county, but for the last few weeks there has been much work done in that section by Kitchen's lieutenants, and reports indicate that much progress has been made. Kitchen will rely upon the lumber interests for his support, while Kehoe will rely upon the Sharpsburg precinct, which is a strong Equity section.

Edgar Hager of Boyd has been planning a fight in Harrison and Nicholas and a fight will be made in these two counties for the instruc-

tions, the fight being between Kehoe and Hager. Hager has considerable following in these counties and his friends are active and are organizing and doing all within their power to win out.

It is stated by men posted in the political conditions of the District that there will be another candidate to announce within the next week or two. The new entry will come from the Barley section.

FOR PRESIDENT,

FOR VICE-PRESIDENT,

FOR CONGRESS,
Hon. JOSEPH B. BENNETT.

If a man has a little good sense and a little good nature he will succeed in life, and prove a blessing to humanity as well. These qualities are so rare.

CALEB POWERS is to receive \$500 a week for a tour on the Chautauqua platform. That beats laying in Jail or going to Congress. And then CALE needs the money to get married on.

THE recent order of President ROOSEVELT, compelling Postoffice Clerks and other Government employes to pay their bills, will no doubt be construed by this class of beats as another case of executive coercion via the Big Stick. ROOSEVELT says they must pay up or get out.

OLLIE JAMES is mentioned as a candidate for the Vice-Presidency. Why not OWSLEY STANLEY or MATT HENNESSEY? They, too, are "goen sum" in the political line and are no longer numbered with the teeny weeny little fellows. It's astonishing how soon a little man grows into a big noise when he gets well started in the political swim.

CARRIE NATION says the first woman she meets with a sheath gown on she will tear it off of her. Will this make things better or worse?—Frankfort State Journal.

MAN is never happy. WILLIAM JENNINGS BRYAN's troubles will date from the day of his nomination at Denver. Three times the irrepressible BILLY has butted in as the Democratic nominee for the Presidency. If he keeps it up he's bound to win.

THE luscious blackberry is truly rural and a humble fruit, but it has the flavor enjoyed by no other berry, not even the aristocratic strawberry. Kentucky may be afflicted with night riders, politics and 'steen kinds of other troubles, but we can always depend upon the blackberry crop. It's the poor man's fruit, and many a kingly millionaire don't realize what he is missing right now in the midst of the Kentucky blackberry season when this boss berry of the Bluegrass is hanging plenty and free on a million vines. The only fruit that approaches the blackberry is the Kentucky watermelon. The Garden of Eden never grew anything superior to a genuine, ripe Kentucky watermelon.

By the side of a certain Illinois suburban railway stands a fertilizer factory which gives out a particularly offensive smell. A lady who frequently has occasion to travel on this line always carries with her a bottle of lavender smelling salts.

One morning Speaker Cannon took the seat beside her. As the train neared the factory, the lady opened her bottle of salts. Soon the car was filled with the horrible odor of the fertilizer.

The Speaker stood it as long as he could, then addressing himself to the lady, whom he saw holding the bottle to her nose, he said:

"Madam, would you mind putting the cork in that bottle?"

BLUE WOMEN

Women should understand that melancholia, commonly called "the blues," is in nine times out of ten a symptom of some serious female organic derangement and should have immediate attention.

Women whose spirits are depressed, and who are ailing and miserable, should rely upon

LYDIA E. PINKHAM'S VEGETABLE COMPOUND as is evidenced by following letters.

Mrs. F. Ellsworth, of Mayville, N. Y., writes to Mrs. Pinkham:

"For three years I was in an awful despondent and nervous condition caused by female troubles. I was not contented anywhere, and was in such constant fear that something terrible was going to happen that it seemed as though I should lose my mind. Lydia E. Pinkham's Vegetable Compound has restored my health, and I cannot say enough for it."

Mrs. Mary J. Williams, of Bridgeport, Ill., writes to Mrs. Pinkham: "I have been suffering from a female trouble, backache and headaches, and was so blue that I was simply in despair. I feel it my duty as well as my pleasure to tell you that Lydia E. Pinkham's Vegetable Compound cured me. The change in my appearance is wonderful, and I wish every suffering woman would try it."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, irregularities, periodic pains, backache. Why don't you try it?

OVER A THOUSAND FEET

From the Ground Will Flag Wave From New Equitable Building

NEW YORK, July 8th.—Plans for a new skyscraper which will overtop all New York's lofty buildings and the flagpole of which will pierce the sky at a greater height than the Eiffel Tower in Paris, the highest structure in the world, were filed today by architects for the Equitable Life Assurance Society with the Building Department. The projected building for the Equitable will be a sixty-two story structure, 909 feet from the curb to the tip of the tower, upon which will be topped a flagpole 150 feet in length. The ball on the flagpole will be seventy-four feet higher than the 985-foot steel Eiffel Tower.

The main building, which will occupy the site of the present structure of the Company on lower Broadway, covering an entire block, will be thirty-four stories, above which will rise a square tower of twenty-eight stories, capped with a cupola. The facade is to be of brick and granite. The structure is to cost \$10,000,000.

The last steel rivet was driven today in the tower of the Metropolitan Life Insurance Company building, the tallest office building in the world, and a flag floated from a pole 710 feet above the pavement. The building is 657 feet in height.

IT IS FOR LADIES, TOO.

They Can Stop Their Hair Falling Out With Herpicide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's "Herpicide." Besides, Herpicide is one of the most agreeable hair dressings there is. Herpicide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed, the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herpicide is an indispensable toilet requisite. It contains no oil or grease, it will not stain or dye. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

PROSPERITY COMING

And Car Shortage Will Soon Be The Cry Again

"Better get your order in before there is a car shortage," is the advice given by the new circular to be distributed by the National Prosperity Association of Cincinnati.

Further it says: "On April 29th 159 railroads reported 413,605 idle freight cars. On June 10th, 164 roads reported but 349,994 idle cars, showing a decrease of 63,611 cars, about 15 per cent. in period of six weeks. Coal is now moving and bumper crops are expected. "Everywhere the sun is shining."

Gage marks 9.0 and rising.

Now that the river is low work will be rushed on the boulevards which is to cross the river from Ninth street at Louisville to the Ohio Falls on the Indiana side. About 500 men will be given employment.

Although there has been a pretty good rise at Pittsburgh, no coal was shipped because there are two places in pool 4, upper Ohio river, over which the tows could not pass in trying to get to pools 5 and 6.

The river has been so low above Wheeling that great stretches of bar lay baking in the sun, the channels narrow and the water shallow. Only boats that could run on a "heavy dew" were able to navigate. Anything drawing over thirty inches was put out of business.

Among the Ohio river changes in June was the discontinuance of the United States mail on the boats operated by the Evansville-Paducah Packet Company, after a continuous service of nearly half a century. The various points along the river are now receiving their mail by star route service.

While Captain Peter Lallance slept soundly in his room on the steamer J. F. Howell near Gallipolis, Ohio, robbers entered, rifled his pockets and took the key to the steamer's safe, which they opened, securing \$300 and other valuables, the property of Collins & Hartweg Company of Cincinnati. No clew.

A. H. Horton of the United States Government Survey has opened up offices in the Newport Postoffice Building that will be his headquarters for five years while readings and surveys are being made that will form the basis of a report as to just what is necessary in the way of reservoirs and their capacity, in order to control the floods along the Ohio river.

CONSTIPATION

"For over nine years I suffered with chronic constipation and during this time I had to take an injection of warm water once every 24 hours before I could have an action on my bowels. Happily I tried Cascarets, and today I am a well man. During the nine years before I used Cascarets I suffered untold misery with internal piles. Thanks to you I am free from all that this morning. You can use this in behalf of suffering humanity."

Gwine to Stick to Bryan's Free Silver Ship Till Sheol Freezes Over

Louisville cor. Enquirer.

Watterson has given notice that he will not leave Louisville until after the Presidential election is over, and will devote every minute of his time to the National campaign.

To all his friends he has declared that he is as deeply interested in Bryan as ever he was in the candidacy of Samuel J. Tilden.

His plea for a united party, not only in Kentucky but in the Nation, has aroused the Kentucky Democrats to unprecedented enthusiasm.

Watterson himself believes that Bryan is a sure winner, and he is continuously hammering away on the ground that the only issue in the coming Presidential election is the people versus predatory wealth.

He and Bryan are known to be in constant communication and they have a complete and thorough understanding concerning the conduct of the campaign.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

Did You Ever

Stop to think that if you personally selected the cloth for your own garments you would look different from the rank and file you meet, and that if this cloth were cut to your own measure, and skillfully and honestly tailored by hand, you would have clothes that fit you more perfectly and give you better service than the clothing worn by the masses? Think it over, then, have one make you a suit from the cloth and fashion you like best; you will then understand what real merchant tailoring is. The cost is but slight compared with the value given. Suits to order \$18 to \$40.
